To Love Somebody

Bee Gees // Key: C

Verse 1:

```
          G      Am
There's a light        A certain kind of light
C                            G
   That never shone on me
F                       G
   I want my life to be
              D                  C
To live with you…  To live with you…
          G     Am
There's a way        Everybody says
C                             G
   To do each and every little thing
F                             G
    But what good does it bring
            D                  C
If I ain't got you…  Ain't got you...
```

Chorus:

```
       G                              D
Baby, You don't know what it's like
        C                             G
Baby, you don't know what it's like
            D                              C
To love somebody…  To love somebody
          G
The way I love you
```

Verse 2:

Mmm, in my brain, I see your face again
I know my frame of mind
You ain't got to be so blind
And I'm blind, so so so very blind

Verse 3:

I'm a man, can't you see what I am
I live and I breathe for you
But what good does it do
If I ain't got you… Ain't got you…
